

Bucharest, February 26, 2026

COMMUNIQUÉ

The 4th edition of the UEAA Best Abstract Competition, held in 2025, is now closed. A total of 42 abstracts, selected and submitted by the member academies, were received.

The table below presents their distribution by country and topic.

Academy	Number
Albania	4
Bulgaria	10
Czech Republic	1
France	8
Italy	8
Latvia	1
Moldavia	2
Romania	7
Sweden	1
Topic	
Agrifood and human nutrition	3
Agronomy	21
Animal production	10
Economy and agricultural policy	1
Environment and territories	3
Forestry	2
Life sciences	2

The evaluation was carried out by an international jury, which selected and ranked the six best abstracts. The authors ranked first to third (see below) will receive a certificate from UEAA recognizing this achievement and are invited to deliver a short online presentation during the UEAA Steering Committee meeting on 12 March 2026.

With their consent, the recorded presentations will subsequently be made freely available online.

Corresponding Author	Title and Link	Topic	Academy	Rank
Mazzetto F., Univ. Bolzano, IT	One Health and agriculture: bridging data gaps to tackle environmental chemical loads	Environment territories	Italy	1
Mikhailov M.E., Univ. Chisinau, MD, and Ziolkowski, P.A., Univ. Poznan, PL	Domains of increased genetic polymorphism boost crossover in plant breeding	Life Sciences	Moldovia	2
Leprévost T., Univ. Rennes, FR	Genetic bases and comparative genomics of Aphanomyces root rot resistance in legumes	Agronomy	France	3
Napoli M., Univ. Firenze, IT	Framework for the selection of wheat varieties for arid agroecosystems	Agronomy	Italy	3

The UEAA Steering Committee warmly thanks the member academies for selecting and submitting the abstracts, as well as the members of the jury for their careful evaluation. It also congratulates all authors on the high scientific quality of their contributions.
